Education

Graduated in 2024

Southwest Baptist University
Bolivar, Missouri

BS Degree in Web Systems & Design Minor in Graphic Design

GPA
3.605

Volunteer/Extracurricular Activities

- KLIFE Parachurch Ministry
- Society of Art
- Intramural Dodgeball
- FBLA
- Intramural Flag Football
- Locamente Worship Night
- 3D Printing Club

Experience

Skills Utilized

- React JS
- Squarespace
- Figma
- Usability Testing
- Wireframing
- HTML
- CSS
- JavaScript
- Express.js
- Docker
- PostgreSQL
- WordPress
- UI Design
- UX Design
- Frontend Development
- Endpoints
- Project Management
- Communication Skills
- Webflow

Steelville Manufacturing, Steelville Missouri

IT Internship 05/2022 - 08/2023

- Actively help my co-workers with networks issues, display issues, computer flashing with boot drive, and provide help desk support over 30 times a week.
- Set up workstations 1-5 times a week by organizing the desk, cables, monitors, printers, PCs, scan snaps, and then install any necessary applications
- Organized tech closet with hardware, cords, printers, etc. 5-10 times a week
- Replaced a building's old ethernet cable with CAT 6 and fed it through smurf tube to connect them to network switches by using cable tester/network toner

Senior Project - Applied Software Engineering 08/2023 - 05/2024

- Developed a feature-rich web application, ensuring UI/UX adherence, and utilized the sponsor's style guide. Led regular team meetings to align project objectives and collaborated with sponsors.
- Gathered feedback through presentations and usability testing, refining application design based on UI/UX best practices.
- Specialized in frontend development with HTML, CSS, JavaScript, and React, focusing on seamless data integration.
- Utilized Figma for mockup design, finalizing project direction through team and sponsor discussions.
- Defined project requirements, contributing to clear project documentation for scope and deliverables.

Alpha Social Media Internship 04/15/2025 - 05/15/2025

- Collaborated with a cross-functional team during my internship to design and develop a new Webflow-based vendor section, contributing to layout design, CMS structuring, and visual content planning.
- Engaged in frequent team feedback sessions, learning to iterate designs based on peer input while ensuring alignment with project goals and brand consistency.
- Gained valuable experience communicating effectively within a team environment, coordinating updates, clarifying design intent, and adapting to feedback throughout the design and implementation process.

Expertise

- User Interface/User Experience
- HTML/CSS/JavaScript
- Visual Design/Figma
- Project Management/Communication
- Technical Troubleshooting
- Interface & Interaction Design
